How to use the Enrollment Management PowerBi Report

Enrollment Management PowerBi report has the following tabs:

1. **Enrollment Summary:** (Summary of student headcount, credits, gender, citizenship , part-time/full-time and continue/new student)
2. **Enrollment by Programs, Schools:** (Student Headcount and Credits by Programs and Schools)
3. **Enrollment by Subjects and Courses:** (Student Headcount/Credits by Subjects, Courses, Sections and Class Name)
4. **Students by Citizenship:** (Student headcount by Citizenship country)

How to filter the data in TRCL Credits Trends

1. Select the “TRCL Credits Trends” tab from the Enrollment Management report

2. Now, filter the data by using the Slicers

The screenshot displays the CTD (Classroom Time Data) interface with the following components and annotations:

- CTD Header:** Includes date filters for 1/15/2020 and 4/21/2020, and a slider control.
- Term Filter:** A list of terms (Su16, Su17, Su18, Su19, Su20) with checkboxes. A red box highlights the Su19 and Su20 options, with a callout stating "Select the 'Term'".
- Program Offering School Filter:** A dropdown menu currently set to "All".
- Class Offering School Filter:** A dropdown menu with "SUMMER SESSION" selected. A red box highlights this selection, with a callout stating "Select the Class offering School. Here 'Summer Sessions' is selected".
- Slider Control:** A horizontal slider with two circular handles. A red box highlights the handles, with a callout stating "For 'Year over Year' comparison, use the Sliders to select the date".

3. Descriptions of the different visuals (1 - 3) in the TRCL tab (Student Headcount and Credits)

1

Student Headcount by Term

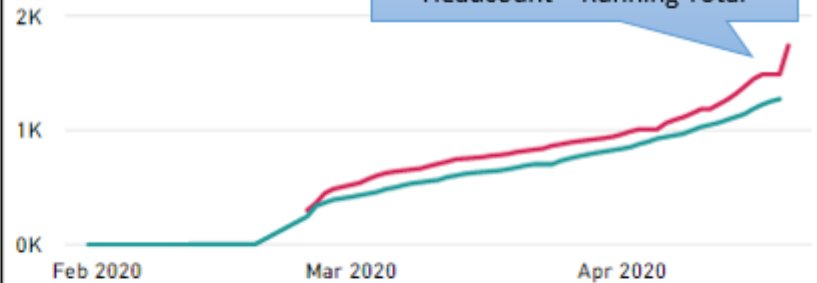

Term	Student Headcount
Su20	1,740
Su19	1,273
Total	2,735

Student Headcount – Year over Year (YOY)
